NEW "Replicator" Contex XD2490 24" Wide Format Scanner

\$3,970.00

32.5" x 19" footprint

This NEW.... 24 inch Wide Format Scanner is perfect for Land Surveyors, Engineers, Architects, etc..... The right size to fit on a desk or table top and not take up your entire office space. (optional stand is available)

"Scan to PDF" is something that a growing number of professionals want to do with their large format documents. The popularity of PDF is slowly replacing traditional scanned image raster file formats like BMP, TIFF and JPEG for sharing drawings, archiving and other purposes.

Why save drawings as PDF files ?

- ***PDF is popular, common and free to view.***
- ***PDF files can be shared with customers and colleagues.***
- ***PDF is supported by many inexpensive writers and readers.***
- ***PDF files can be marked-up with comments without affecting the original data.***
- ***PDF files enjoy flexible printing controls.***

Why archive your large format documents ?

Many reasons..... Once your documents have been scanned they can be electronically stored on different types of media for different purposes.

- ***Disaster Preparedness***
- ***Ease of Access***
- ***Will not Degrade***
- ***Storage and Productivity***
