Minimum Rental Charge: \$15.00

Freight: Customer pays all freight charges.

Next day service (UPS Red or Federal Express Priority #1) is normally used to avoid rental charges while in transit.

- **L&L Rental with Purchase option:**

This is our standard rental agreement with purchase option. "30-day/100%" If you decide to buy the equipment you have rented at any time during the first 30 days of the rental agreement, we will apply 100% of the rent you have paid toward the purchase price of the equipment you have on rent. After 30 days, we will apply 70% of the rent you have paid, up to 80% of the purchase price.

- **12 month Purchase Agreement with Option to RENT:**

This agreement is set up just like our Purchase-Agreement. Zero down payment (unless you choose to make a down payment). We then apply our A.P.R (currently 12%) to the balance. Then make monthly payments (12) beginning 30 days from the starting date of the contract. If, during the term of the agreement, you decide you do not want to buy the equipment, simply return it and pay the monthly payment as RENT for the period of time you had the equipment.

Two month minimum agreement
